

Name \_\_\_\_\_

### Water, Water, Everywhere

**Directions:** Use the Visual Thesaurus and Google Images (or Google Maps) to define and identify examples of the following geography terms for different bodies of water.

Body of Water (geography term)	Relevant Visual Thesaurus Definition of Term	An Example (click on the VT definition to reveal examples)	A detail from Google Images or Google Maps (right-click on example and choose search option)
bay	“an indentation of a shoreline larger than a cove but smaller than a gulf”	Bay of Fundy	The Bay of Fundy is near Nova Scotia and features beautiful rock formations.
gulf			
ocean			
sea			
strait			

Now that you have defined these terms, sort *sea*, *gulf*, *ocean* and *bay* according to size:

<b>smallest</b>					<b>largest</b>
